ETON

Made-to-Measure fabric offerings

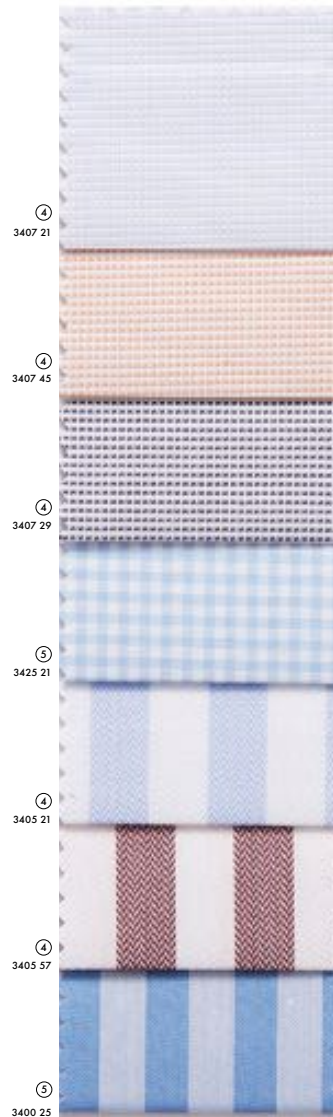

**Poplin**

The origins of weaving: 15<sup>th</sup> century Avignon. Its tightness enables sharp, clear patterns. The yarns are dyed before weaving, which creates especially clear colours. Feel: Crispy elegance.

**Twill**

The twill weave stands out with elegant draping, durability and comfort. Woven from Egyptian long staple cotton and elevated with our crease-resistant finish, this fabric is a timeless addition to your business wardrobe.

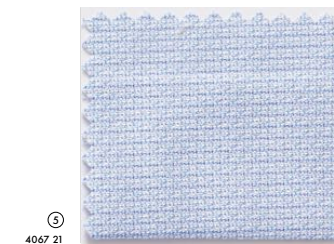

**Evening**

This range comprises traditional evening and tuxedo shirts in exclusive materials with beautiful textures and exquisite details, perfectly suited for formal occasions.

**Oxford**

Whether it's casual or dressed up, you can never go wrong with an Oxford shirt. Our version of the fabric is true to its original sporty appearance.

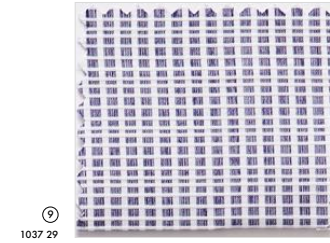

**Fine Twill**

Eton's refined version of twill. Extra thin yarns create a denser fabric that enables distinct patterns with sharp contours and clear colours. Character: Flexible elegance.

**Satin**

The smooth, tight satin weave gives the shirt a luxurious, almost silky feel with fantastic lustre and colour reproduction as a result. As suitable for special occasions as for business meetings.

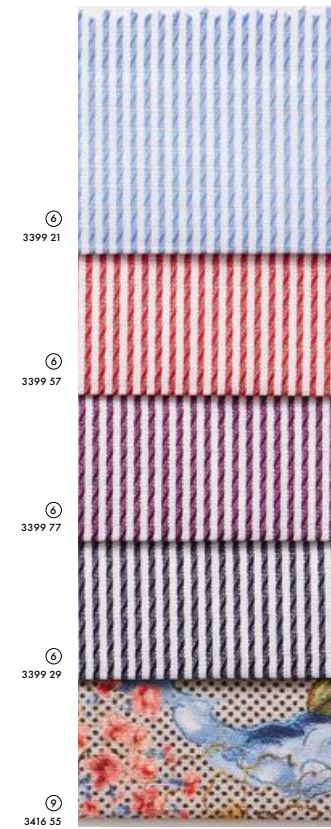

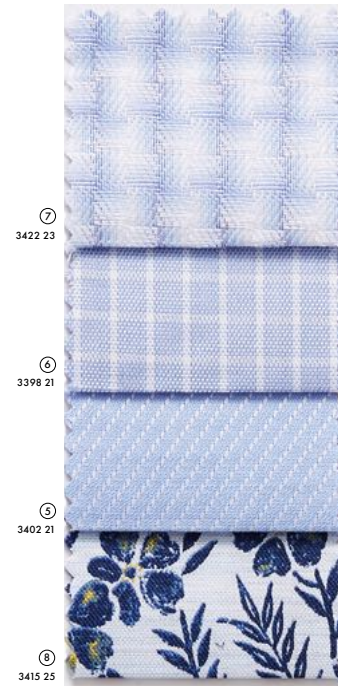

**Textured Twill**

The Textured Twill is the perfect alternative to your solid shirt fabric, characterized by a prominent and elegant texture with a unique visual effect.

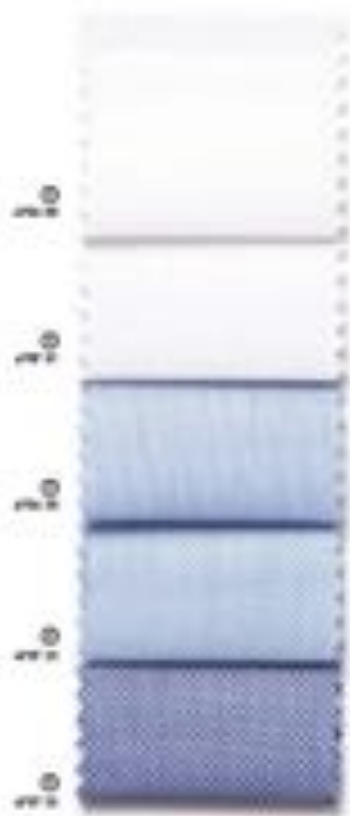

### Signature Twill

The characteristic diagonal structure of twill creates a fabric with exceptional lustre and unsurpassed comfort.  
Character: Elegant drape. Easy to appreciate. Easy to match.

**Oxford Oxford**

Even purified version of the classic, sturdy fabric. Using extra fine yarns and a unique manufacturing process, the fabric combines to give a quiet reputation, but with a greater degree of breath and drape.

**Warwick Satin**

The smooth, light side weaves give the fabric a luxurious, almost silky feel with beautiful luster and color reproduction in a cloth. It's suitable for special occasions or for business meetings.

**Easter Poplin**

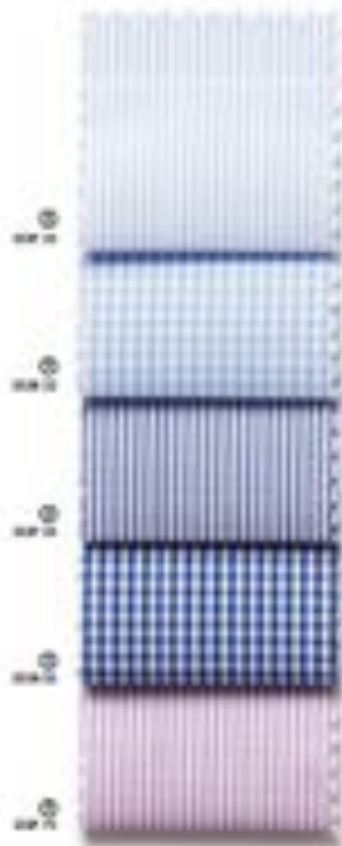

A classic dress fabric, but in finer weight weaves the pure is just as good as the others can. The crisp, smooth surface with a pleasant drape offers full, breathable drape.

## Book Service

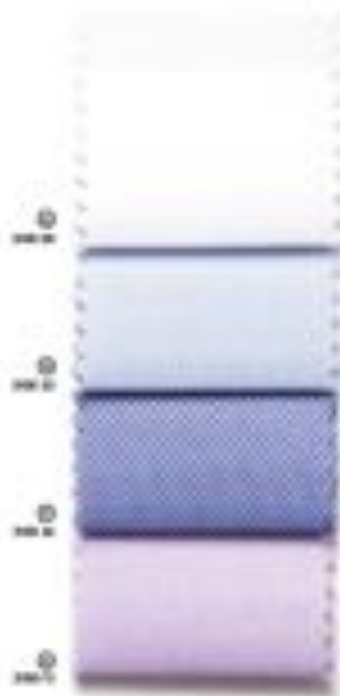

### English Poplin

The crisp, clean, and airy texture of English poplin is a result of its fine, closely woven threads. The fabric is characterized by its smooth, slightly lustrous finish, which makes it an ideal choice for formal shirts and blouses.

### Herringbone Twill

Based on the classic twill construction, herringbone twill features a distinctive zigzag pattern. This fabric is known for its durability and resistance to wrinkling, making it a popular choice for jackets, trousers, and skirts.

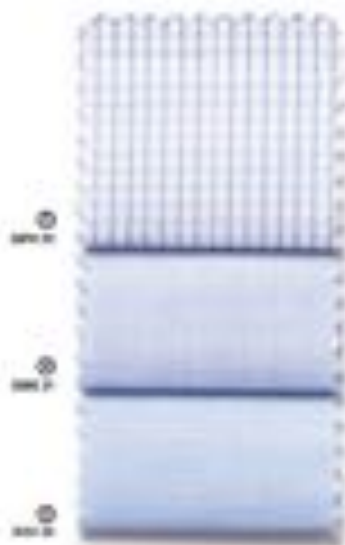

### Cambridge Twill

The characteristic diagonal rib of Cambridge twill is a result of its unique weave structure. This fabric is highly durable and resistant to wear, making it an excellent choice for work shirts, trousers, and jackets.

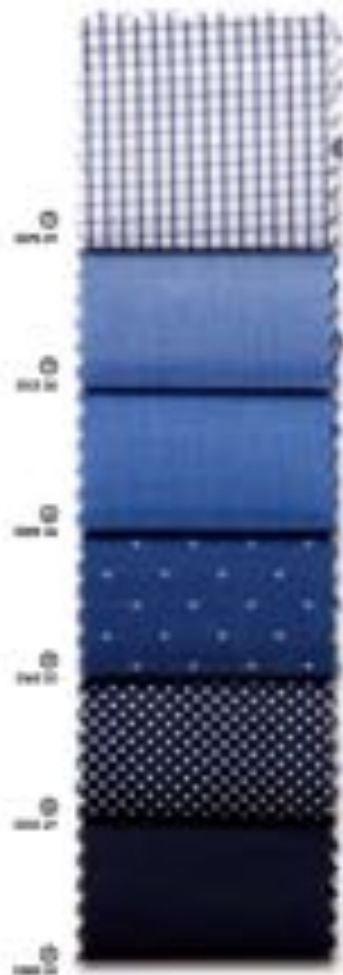

**Cambridge Twill**

The characteristic diagonal crease of twill creates a fabric with exceptional drape and exceptional comfort. Classic. Elegant. Drape. Tailor approved. Tailor to match.

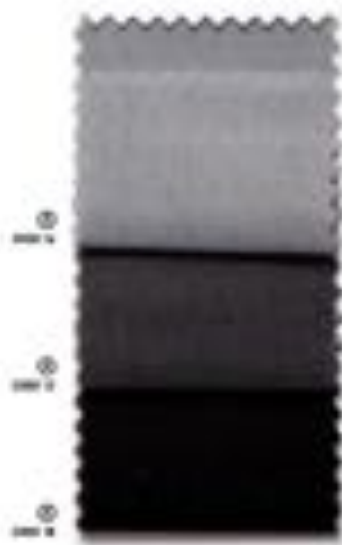

**Cambridge Twill**
